*Ruth Bader Ginsburg Dissents* Ruth Bader Ginsburg,2022-07-19 A collection of key dissenting and majority opinions from U.S. Supreme Court justice Ruth Bader Ginsburg. During her 27 years as an associate justice on the U.S. Supreme Court, Ruth Bader Ginsburg became well known for her strongly worded dissenting opinions against the decisions of the conservative majority. Ginsburg was a fierce supporter of women's rights whose personal experiences helped shape her into a feminist icon who employed logical, well-presented arguments to show that gender discrimination was harmful to all members of society. *Ruth Bader Ginsburg Dissents* features 15 legal opinions and briefs, including majority and dissenting opinions that Ginsburg drafted during her time on the U.S. Supreme Court and briefs from her career before she was appointed to the court in 1993.

The Elementary School Library Makerspace Marge Cox,2017-12-12 A must-read for elementary school librarians

interested in starting a makerspace at their school, but who are concerned about the cost and are looking for curriculum links for getting started. Makerspaces are a powerful way to expand a school library's influence as an educational partner in the school community. However, many elementary school librarians and educators are hesitant to consider adding a makerspace to their programming due to concerns about costs. This book focuses on effective ways to start a makerspace in your school on a shoestring budget while simultaneously supporting curriculum standards and inviting the collaboration of other members of your school community. Today's school librarians have many responsibilities and often face a shrinking budget. The *Elementary School Library Makerspace: A Start-Up Guide* is a one-stop shop for learning the specific steps to successfully starting an elementary school library makerspace, without getting behind on managing your current school library tasks and responsibilities or blowing your budget. You'll learn how and where the makerspace movement started, and why; understand why today's young students crave hands-on experiences; and receive dozens of makerspace examples for each grade level by content area, including ones for language arts, math, science, engineering, arts, social studies, and technology. The book also covers how and why to track particular numbers regarding program performance, explains how to use creativity to start your makerspace with minimal dollars, and outlines how to make your PR efforts in letting others know about your school library makerspace effective in engaging many possible audiences.
