Processing Creativity Jesse Cannon,2017-03-28 For decades, Jesse Cannon has been pushing creative ideas in music. You may know him from writing one of the most popular books on the music business, *Get More Fans*, or from his recording credits on records with the most varied set of bands you've ever seen, including The Cure, The Misfits, Animal Collective, Brand New, The Dillinger Escape Plan, The Menzingers, Limp Bizkit, Basement, Leftover Crack, Saves The Day, Senses Fail, Weird Al Yankovich, Lifetime, Say Anything, NOFX, Flatsound, Man Overboard, Bad Books, Transit, Somos, Cavetown, and over a thousand others. You may also know his work as the host of the podcasts *Atlantic Records Inside The Album*, *Noise Creators*, and *Off The Record*, his popular YouTube channel *Musformation*, as a producer for popular podcasts at *Rolling Stone & The Daily Beast* or from his writing at outlets like *Alternative Press*, *Tape Op*, & *Hypebot*. In *Processing Creativity: How To Write Songs People Love* he chronicles the lessons learned working on all those records and writing about music's most progressive ideas, taking on the subject he knows the most about; helping musicians fulfill their creative vision. The book is the culmination of four years of poring over scientific studies, books, and thoughts from top creators as well as his own experience to write a book every musician should listen to about what goes into making great music versus what bands do when they make the innumerable bad songs we hear each day. Covering the pitfalls of creating music, the book thoroughly explores the hidden reasons we actually like music, how to get along with our collaborators, and patterns that help creativity flourish. While every musician says that being creative is the most important part of their life, they barely explore what's holding them back from making music they are happy with. When trying to navigate the ways our creative endeavors fail there's no YouTube tutorial, listicle, or college course that can help navigate the countless creative pitfalls that can ruin your music but after reading this book you will have the knowledge to guide you to make songs the world loves. The essential ideas on creating music are detailed in a simple, fun language that's littered with quotes and insight from the most innovative creators of our time including:

- How to make highly emotional music that compels listeners to listen again and again.
- Effectively dealing with collaborative problems like "too many chefs in the kitchen," giving helpful criticism or dealing with stubborn collaborators.
- Finding inspiration when you have writer's block.
- How to draft your songs while

avoiding the common pitfalls of losing perspective and giving up. • Examining the unexpected reasons we enjoy music. • Calming your thoughts so they don't sabotage your music and other helpful tools to help execute your music as best as possible.

Trapped in a prison of his past so he can't see the possibilities, the gifts and the choices available to him, his journey is our journey. Based on Brendon's experience teaching

The chapters are arranged into life lessons around 4 gates to transformation: Awareness, Acceptance, Accountability, and Action. Whatever you do, pay the price of admission for Life's Golden Ticket! This book is entertaining, provocative and loaded with wisdom. Honestly, this is the most original book I've read in years! (Bill Treasurer, CEO, Giant Leap Consulting and author of Right Risk - Ten Powerful Principles for Taking Giant Leaps with Your Life) I read the story in one sitting, I just couldn't put it down. I cried, I laughed, I cheered, I wondered where it was all going - and when I finished, I was so thankful for the journey (K C George, Corporate Program Manager, VISA USA) Life's Golden Ticket is wise without being preachy, inspiring without forgetting insight, entertaining without sacrificing empowerment. Brendon Burchard shows incredible depth, compassion, and wisdom on every page. He has given us a true gift. (Kelley Graham, Director, Levi Strauss & Co)

Sunderland, Industrial Giant Marie Gardiner, 2017-11-24 Sunderland was once one of Britain's industrial giants. Famous for its shipyards, mines and glass-making, it thrived at a time when its country needed it most. After the Second World War the town saw incredible change, as the heavy industry that seemed so permanent, faded and died. How do you cope with the loss of centuries of working tradition? These are the stories of the people who worked through this evolution, watched their town change around them and become a city - the people who saw the end of one era and the beginning of a challenging new one.
