Offering a path to freedom from the false idols that society, the Devil, and our sinful hearts so often create, this encouraging book will help you exchange the temporary glamour of pop culture for the unfading beauty of godliness. Strengthening Forensic Science in the United States National Research Council, Division on Engineering and Physical Sciences, Committee on Applied and Theoretical Statistics, Policy and Global Affairs, Committee on Science, Technology, and Law, Committee on Identifying the Needs of the Forensic Sciences Community, 2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.

Big Hair Grant McCracken, 1995-04-01 From Marilyn, Twiggy & Farrah to Julia Roberts, Princess Di & Linda Evangelista, hair is a subject to be studied, coveted, & copied. In *Big Hair*, the ultimate book about hair -- hair styles, hair color, hair stories & hair history, from beehives to bobs & beyond -- anthropologist McCracken spins a fun, hip cultural tale detailing how modern women use the power of hair to transform their lives. Hair, often dismissed as superficial girl stuff, is, in fact, loaded with a multitude of cultural signifiers. In the universe of hair, blondness is a resource & an opportunity for self-exploration. But brunettes & redheads won't be disappointed because they are also deconstructed. After reading this book,

you won't look at hair the same way again. B&W photos.

A Visit From the Goon Squad Jennifer Egan,2011-03-17 WINNER OF THE PULITZER PRIZE FOR FICTION NEW YORK TIMES TOP 10 BOOKS OF 2010 Jennifer Egan's spellbinding novel circles the lives of Bennie Salazar, an ageing former punk rocker and record executive, and Sasha, the troubled young woman he employs. We first meet Sasha in her mid-thirties, on her therapist's couch in New York City, confronting her longstanding compulsion to steal. We meet Bennie at the melancholy nadir of his adult life - divorced, struggling to connect with his nine-year-old son, listening to a washed-up band in the basement of a suburban house. Although Bennie and Sasha never discover each other's pasts, the reader does, in intimate detail, along with the secret lives of a host of other characters whose paths intersect with theirs, over many years, in many places. With music pulsing on every page, this is a startling, exhilarating novel of self-destruction and redemption. Breathtaking work from one of our boldest writers. 'Irresistible. Fiction of the highest quality' Sunday Times 'Egan's precise,

calm underwater prose is a persistent pleasure' Daily Telegraph 'Stories that defy narrative convention' Financial Times 'A must-read' Sunday Times
