Modern Course in Shoe Design and Model Cutting L. D. Cresson, 2008-01-01 A 1918 technical course in shoe design and patterns of women's and men's leather and cloth boots and shoes, in styles worn from 1860- 1920s. The patterns span Victorian to Art Nouveau designs, with size chart and fitting information, including children's growing feet. This book is a source of original patterns, decorations, historical and style information on the Parisian style, a wildly popular European shoefashion which was the rage from ca. 1820 through the 1930s. It explains shoe industry original geometric shoe last and pattern making as developed in 18th-century Germany. Then, unlike today, boots and shoes were made on the same last, and

from the same pattern parts, and individually fitted with extreme care. An engraved historical timeline of selected shoe styles gleaned from 19th century fashion magazines shows the varied fashion boot designs selling in the mid-1860s. These same designs, 35 years later, were claimed as "original" in Justin and Hyer 20th century cowboy boot catalogues. This timeline, however, establishes that cowboy styles were made before the Civil War and that cowboy boots were not the original design work of either the Kansas-based Hyer boot or Texas-based Justin boot companies. The filigree designs of 1910 decorated cowboy boots discussed in this book were to become a fashion standard for dressy, rodeo, western-style cowboy boots of the 1930s and later yielding the typical decorated cowboy boot of the 20th century.

Jan Brett turns her considerable talents toward the Texas countryside in this amusing story of an armadillo on his own.

Tares Among the Wheat Volume Two H. Melvin James, 2019-12-09 "Tares among the Wheat" By "H. Melvin James" This second volume concludes the two established primary framed story-lines that traverse the entirety of the novel. Herein, mysteries of mysticism, religion, and ancient legend, as introduced in the previous book, are granted explanation and plausibility. As the story lines converge toward simultaneous conclusion at the end of the novel, other mysteries arise and are resolved. Events and experiences described in this volume include extremes of sorrow, horror, joy, and romance. In this saga, as in life, there are those who meet more suffering than comfort, but the balance of the aggregate, inevitably and eventually, tilts toward triumph, justice, peace, and contentment. Redemption, as in reality, is both compromised and realized. Episodes herein expose the cruelty of humanity as the torments of warriors and the crimes of civilians. Ultimately however, the unconquerable collective of human decency, determination, and faith prevails. Senseless murders punctuate the merciless decade of the horrific Dust Bowl and the Great Depression. In this volume those murders, as well as other crimes, fraud, assault, and theft, are brought to the justice of mortals, while the non-statutory transgressions of greed, power, vanity, and selfishness are left to the infallible and certain justice of the Almighty. Surprises for the reader, pleasing and teasing, are unveiled in this volume. These story lines also reclaim the obvious axiom, our predecessors often do not succeed for themselves, in their own lifetimes, but they plant the fields of wheat for their descendants to reap the harvest, and since no soul takes anything from this earth in his departing, is not one's legacy the only true tangible success?
